

CELTICA

SPECIALIST DRINKS INDUSTRY ADVISORY

HOW WE WORK

From cask to customer.

A single, managed process — confidential at every stage, with one point of contact from first conversation to final delivery. The business behind Celtica has operated in the alcohol trade since 2003.

- 1 Understand**
We start with your objective — what you hold or need, and what a good outcome looks like.
- 2 Assess & Value**
Transaction-led assessment of the stock: volume, spirit type, age, cask, bond and route to market.
- 3 Structure**
We build the commercial solution — the deal, the buyers or the stock, and the terms.
- 4 Source or Match**
We source the whiskey, or match your stock to the right buyer in our network.
- 5 Bottle & Package**
Where a finished product is needed, we coordinate bottling, packaging and compliance.
- 6 Move & Export**
We manage bonded logistics and export to the destination market.
- 7 Deliver**
The product reaches the customer. The transaction completes and settles.
